

# The Building Blocks of JustFaith

## JustFaith

is an intensive and proven model of justice education and spiritual formation that consists of weekly meetings and employs books, videos, speakers, discussion, prayer, retreats and hands-on experiences. The intent is to provide a tapestry of learning opportunities that emphasize and enliven the remarkable social justice tradition of the Church. Participants are exposed not only to a substantive and demanding course of study but are also afforded the privilege of becoming community with other participants and sharing a journey of faith and compassion that is both life-giving and challenging.

### *Spiritual Formation*

*Integrating Scripture, personal and communal prayer, journaling and holy conversation in the context of a community of faith are all critical to the formation process. JustFaith is a process rather than a program – a process where conversion and spiritual growth are both fostered and supported.*

*"Why hasn't our Church proclaimed these teachings from our rooftops? I just didn't know the depth and richness of my own tradition."*

~JustFAITH Participant

### *Building the Reign of God*

*We put into action all that we have heard, seen, studied, and prayed. We invite others to join us in bringing closer that day when all of the people of God can live in justice and peace.*

*"...I needed the challenges presented to spark my conscience and define more clearly the direction of my spiritual growth."*

~JustFAITH Participant

### *Doing Social Justice*

*We are called to recognize and honor the presence of God in others and in all of creation. Integral to this ministry is charity, responding to immediate needs, and justice, actions aimed at affecting attitudes and changing social structures that deny people their dignity and rights as children of God.*

*"The road to God may only be through the poor. This is tough and life changing stuff."*

~JustFAITH Participant

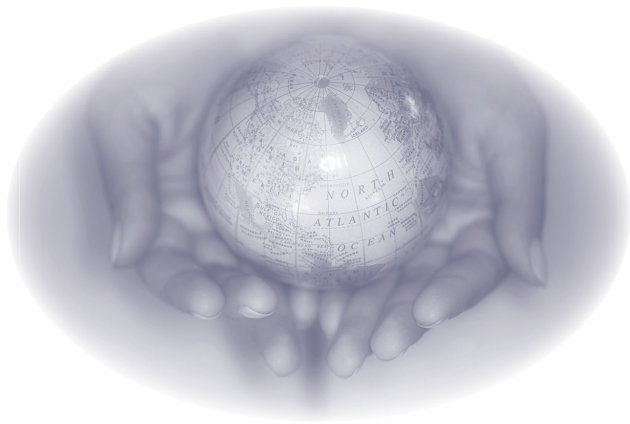

### *Church's Mission*

*JustFaith focuses on Catholic social teaching and the social mission of the Church. We rediscover – or discover for the first time – what our faith proclaims about social justice and what difference that makes in our own lives and in the world.*

### *Evangelization*

*By acting justly, loving tenderly and walking humbly, we proclaim the Gospel in both deed and word. We are reintroduced to the call of the prophets and the witness of Jesus and how that witness can transform both our hearts and our world.*
